Cleaning to Caring

Missions Amidst the Pandemic

By Kenneth Sy
Missions Coordinator

As this pandemic slowed down the entire world, the GCCP mission work never stopped. GCCP continued to partner and support seminaries, mission organizations and parachurches, and missionaries in the Philippines and around the world as they continue to do the work of the Lord.

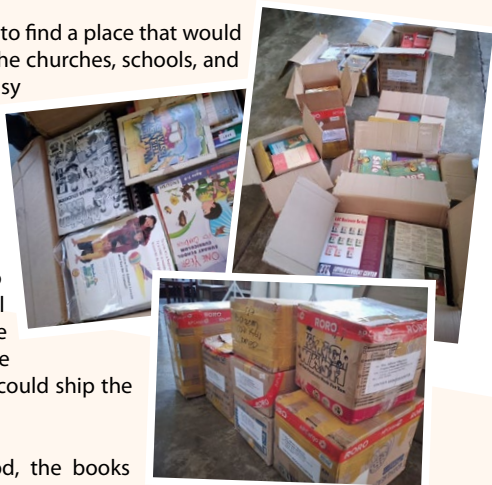

As the country was placed in quarantine, we witnessed how, in God's kingdom work, a seemingly mundane task for one church turns out to be a great blessing to another church.

In God's kingdom work, a seemingly mundane task for one church turns out to be a great blessing to another church.

During this time, we had the perfect opportunity to do something that we normally wouldn't find time to do: a general cleaning. While going through items that need to be sorted and cleaned, we discovered many books that were duplicates and could be donated.

One would think it's easy to find a place that would want these free quality books. It wasn't. Most of the churches, schools, and seminaries we contacted were either closed or busy transitioning to online libraries.

After countless phone calls and emails, we finally contacted a seminary located all the way in Mindanao. Ebenezer Bible College and Seminary (EBCS) in Zamboanga is one of the mission partners of our church, and they were excited to receive the books! Most of the country was still under modified enhanced community quarantine (MECQ) at the time, but by God's grace we were able to get in touch with a cargo forwarder who could ship the books to Zamboanga.

Praise God, the books are now in the library of EBCS, ready to be used by students studying the Word of God. Who would have thought that spring cleaning in the church would go a long way in reaching out and building the relationship with our partner seminary all the way in Mindanao?

"Therefore, as we have opportunity, let us do good to all, especially to those who are of the household of faith."
