JUNIOR CHURCH 2.0

CREATIVE WAYS VOLUNTEER TEACHERS REACHED OUT TO KIDS

Wynette Hsieh
Children's Ministry Associate

The shift from physical to virtual gatherings because of the COVID-19 pandemic presented challenges to the Children's Ministry with children aged 3-12 years old. Questions arose: "How can children understand the Bible story through a screen?" "How can we make them feel connected and cared for without meeting them physically?" "How can we have fun activities despite the distance?"

In spite of these concerns, our Junior Church teachers rose to the challenge and came up with many creative ways to not only teach the Bible to children, but to also show love and concern for them and their families.

Some teachers would send lesson booklets with activities to their students' houses to help better explain the Bible lessons. Others incorporated online games and video lessons.

Junior Church teachers would call their students to ask how they were doing and send birthday gifts and prizes to their homes. They even got parents to participate by involving them in class activities like craft-making, cooking, gardening, or playing water games with their children!

While it will be awhile before the Children's Ministry will return to face-to-face interaction, we will do whatever it takes to have our students learn and understand the importance of God's Word in their lives.

Special thanks to all of our Junior Church teachers! You are a blessing to GCCP and we so appreciate each and everyone of you!

And whatever you do, do it heartily, as to the Lord and not to men, knowing that from the Lord you will receive the reward of the inheritance; for you serve the Lord Christ. (Colossians 3:23-24)
